The association of \_\_\_\_\_ with NBA's Philadelphia 76ers goes back to 2013. In May that year, the team's new general manager Sam Hinkie advocated an emphasis on \_\_\_\_\_ over outcome in his first speech with the team. Under Hinkie's leadership, the team started giving up short-term wins in order to get better draft picks in the future. In 2014, Hinkie used one of the draft picks on Joel Embiid, a player who, due to injuries, wouldn't be able to play that season. Echoing Hinkie, Embiid encouraged fans to \_\_\_\_\_.

Thus, Embiid became the player most associated with Hinkie's famous slogan and even adopted \_\_\_\_\_ as his nickname.

FITB with the famous slogan, which we also associate with a Premier League club which have stayed true to the idea, and their manager, causing a significant turnaround of fortunes this season.

\_\_\_\_\_ immortalized the destruction of House Reyne by Tywin Lannister. House Reyne was obliterated after they rebelled against their liege lord, Tytos Lannister, who was perceived as weak by his own vassals. To restore Lannister dominance, Tytos's son, Tywin, marched against the upstart Lord of \_\_\_\_\_, Roger Reyne. By the end of the rebellion, \_\_\_\_\_ had been put to the torch and all members of House Reyne were executed. The title is thus a play on words, as the "\_\_\_\_\_" fall over the empty halls of the "Reynes" who had been killed to the last man.

In the work “The Cut 1” X cut her hair in front of the Y Consulate in Milan in memory of \_\_\_\_\_ and to celebrate the courage of the people of Y; the mural artwork was removed in less than 24 hours. **This very specific tradition was unheard of in the 1990s, before Sachin Tendulkar brought it about to the Indian cricket team. Tendulkar ran into controversy for it in 2005, with the Department of Home Affairs citing the practice as illegal after the BCCI had sought written clarification from the Sports Ministry. Despite the government's directive, Tendulkar received widespread support from several quarters, saying he was doing nothing wrong. This practice later became more commonplace in the Indian team and is followed by almost all the players now. However, MS Dhoni remained a notable exception, which many believe was because of his role in the team.**

**What tradition is being talked about here?**

Released in 1973, this little-seen Scorsese flick starred Robert De Niro as X, “a former discotheque owner who comes to Naples after the fall of the Soviet Union” with the goal of becoming a mob boss. Harvey Keitel plays Andrey “The Banker” Daddano; Gene Hackman plays Valery Michailov; Al Pacino appears as Mario Ambrosini and Cybill Shepherd plays X’s wife, Katya. Apparently, the movie was really good and was added to the Criterion Collection. Tumblr reviewed the film as follows: “X was inexplicably ahead of its time and its contribution to cinema is remarkable. Rarely does a film tell as many diverse-yet-interconnected stories. Hard to imagine so few ppl have seen it.” ID the film X, and what is the reason behind it being so overlooked?

The first time he did this in 2011, he was quizzed about the curious act to which he said - "I felt like an animal. I wanted to see how it tastes. It tastes good and well kept! It just came to me spontaneously really - I didn't plan to do it." In 2015, he was wiser, having asked the concerned authorities, saying, "I was assured it was not processed. It was gluten-free, so I could do it." In 2018, he reminisced back. "The first time I've done it, it was the sweetest dessert I've ever tasted in my life. That experience hopefully I'll get to taste one more time before I finish my career."
